Fullimput – Manufacturing Plant, products and Services

Fullimput manufactures a diverse range of high-quality plastic bottles that can be custom-designed to address specific customer requirements.

Fullimput specializes in high-density polyethylene (HDPE), polypropylene (PP), polyvinyl chloride (PVC), and low-density polyethylene (LDPE). The company supplies a broad portfolio of products to the petrochemical and cosmetic industries. Core competencies include precision blow moulding and the consistent delivery of superior service across all business operations.

Fullimput holds ISO accreditation (2015 version) and ensures that all manufactured bottles comply with international quality standards. The company is a 51% Black-Female owned enterprise based in Durban, KwaZulu-Natal.
